

R.I.S.E. PROGRAM MANUAL ORDER FORM

- Is a unique career exploration program,
- Is SCANS based,
- Is experiential and focuses on contextual learning.

R.I.S.E. can serve as a focal point for any community striving to provide the tools that encourage youth to identify and achieve their dreams.

The R.I.S.E. Program Manual is composed of two parts:

1. Developing a Local Program

With sample forms and materials, you will learn how to:

- coordinate after school and summer programs;
- recruit staff and students;
- involve the community in career activities;
- form and support a community partnership;
- estimate program costs;
- and much more!

2. Curriculum – over 100 SCANS based activities that focus on:

Life Skills — teamwork, creative and critical thinking, goal setting, decision making, conflict resolution, money management, diversity, communication, etc.

Career Exploration — how work is organized, career awareness, identifying skills.

Employability — finding a job, interviewing, keeping a job, leaving the job.
